The Searchers club will meet Saturday, March 18, with Mrs. D. C. Harbaugh, 1700 West Tenth avenue. This will be the annual guest day of the

The Drama League of America has been organized with branches in some of the cities for the purpose of informing the playgoing public of the nature of the plays pressnted. A com-mittee makes these reports in the support of artistic drama, by inducing attendance early in an engagement upon any play on which the committee issues a bulletin. This official state-ment of the Drama league is inde-pendent of any outside influence. The bulletin is not issued regularly, but

in the city for which the notice is issued, the characters, its value, and some quotations from the lines.

This league ought to be able to do a good deal of good in assisting people to select the best in theatrical performance. formances. The league does not aim to exercise any censorship over any one's choice of plays, but it gives them the benefit of the critical judgment of competent people in learning the plays that are worth attending.

The coming lecture of Miss Sylvia Pankhurst, to be given Saturday night, March 18, at the First Baptist church, is the absorbing idea of the club wosuccessful articles—a noise-deadener men, and they are busy disposing of tickets for the event. The pictures of Miss Pankhurst show her to be a more viril and show really to be a writer for the blind a process for constant. mere girl, and she really is but 23 years of age. Her father, Dr. Pankhurst was a lawyer who practiced in the highest courts of England, was one of the active members of the Independent Labor party, and the spec-ial champion of woman's rights and religious liberty. Four years after his death his wife founded the Woman's and Political union, and Miss Pankhurst is now the secretary of the organization. She has studied art in England and in Venice, and has been awarded a diploma by the Italian government. She competed for the national scholarship in England, open to both men and women, and took the highest honors. She then began to Hussey's inventions by seventeen years. make investigations into industrial conditions among women, and was one of the first to go to prison for the cause of woman's rights in England. | nal Wants.

The Ceramic Art club will meet She was twice imprisoned, and as soon next Friday afternoon with Mrs. Charles Hammond and Mrs. J. S. Ensminger, at the home of Mrs. Hammond, 1022 Clay street. The program will be furnished by the hostesses. Mrs. as she was liberated, she took charge J. S. of the work of the union. She has Ham-written a history of the women sufpublished articles, has instituted prison reforms of a far-reaching character. Her address here will be on the subject of "English Politics." She is said to be a speaker whose platform manners bear no trace of demagogism, being winning, but powerfully

> Another smart tub frock is given today. This was made up in pink linen, with kimono blouse closing in a diagonal line in front and fastened by crochet buttons. Belo a yoke of fine cream lace a collar of wide, heavy lace

thich shows through the lace most effectively. A band of the velvet en-circles the arm between lace cuff and the loose sleeve, and a girdle of the velvet is held on the left by a lace motif and fringed ends fall nearly to the skirt hem.

It has frequently been said that wo men succeed in nearly every field of work except that of invention. The following facts have been collected to prove that women have already invaded that domain supposed to be exclusively men's:

A total number of patents approxi mating 6500 have been issued directly to women. Of these scarcely a dozen would come under the caption "freak inventions, and there is not a single product of the perpetual motion crank. Harrier Hosmer, a sculptor, has invented the permanent magnet pendent of any outside manual as a lifting large masses of also invented a method of transmitting also invented and producing artificial marble was invented by Mme. Dutillet. Mme. Popular pronounced and producing artificial marble was invented by Mme. Dutillet. pova has invented a rudderless air-ship which has been pronounced a success. Mme. De Condrey was the inventor of the manikin, useful in the

The ice cream freezer was patented in 1843 by Mrs. Nancy Johnston, and the original model of it shows that very few changes have been made in

Syllabix types, a slate and a type-writer for the blind, a process for conwheel, a contrivance for heating cars, a collapsible collar button, a life raft, underglaze painting on pottery, are a few of the inventions accredited. few of the inventions accredited to women, showing a wide divergence in creative ideas,

The honor of a few epoch-making inventions has been mistakenly conferred upon men. The cotton gin, for example, was really the invention of

POPULAR IN WASHINGTON.

Miss Helen Barchfield, the charming daughter of the representative from Pennsylvania, one of the belies of the congressional set.

BOWSER'S FLY SCREENS. He Would Put Them at Every Window

in America.

"I want to find one for myself. This house is for sale, and will probably be swapped within three days."
"Good lands, but you can't mean it!"
"Mrs. Bowser, you ought to know that I'm a man who means what he says. This house is for sale. This evening we will go out to look for one for rent and we may begin packing some of the disher."

me of the dishes."
"But—I don't understand."
"Not another word till after dinner. and then I'll explain all about it."

Mrs. Bowser tried to draw him out

during the dinner hour, but the most he would say was: "I've struck it this time for sure. and we'll be rolling in wealth a year from now, When dinner had been finished and

he had got his cigar alight he said:
"Mrs. Bowser, how many houses are there in America?"
"Why tens of thousands," she replied.

"There are just exactly 8,540,234 to date. How many wind How many windows in thes houses' "Don't ask me."

"There are an average of six win-dows to a house, or close to fifty mil-lions in all. We are not counting office buildings, asylums and churches which would give us at least five milon more windows. Now, then, number of flies come around between June and October?" "How can I tell?"

"Of course not. No woman pays any attention to such things. Medical statistics show that the files your pillow at night! Medical statistics show that the files your pillow at night! Medicary 44 different aliments! cal statistics show that the flies your pillow at night! Mrs. Bowser, I carry 44 different diseases in their feet leave my once happy home. I am driving of the 'skeeters 29."

"But where are yours superior?"
"In the wire, of course. It is nonrustible.

But that claim is made right here "Do you think there's a good house to rent around here?" asked Mr. Bowser as he entered the house the other evening and before he had hung up his hat.

"Why there may be" replied Mrs. "Why, there may be." replied Mrs.
Bowser. "Does someone want you to
find a house for him?"
"I want to find one for myself. This
"I want to find one for myself. This Did you eve business that you know absolutely

"ONE MILLION BILLIONS IN

"You needn't go on!" he exclaimed "You needn't go on!" he exclaimed as he started down the hall. "I knew the number at one million billions, saying nothing of bugs and 'skeeters. Schemes that ever originated in the How many diseases do those million brain of man, and you have gone at it billion flies spread through the human race?"

"I didn't know they spread any"

"BOWSER, YOU ARE IN LUCK."

"It doesn't seem possible!" sighed!

here

"Then you propose—"
"To save 400,000 human lives in the United States alone every year, and incidentally to make more money than you can count. In other words, Mrs. Rowser, I am going into the manufactura of fly screens—Bowser's None-ufactura of fly screens—Bowser's None-postage of the Oakland column may be telephoned to Ind. phone 1751.]

The birthday celebration of Mr. Charles P. McCarty's anniversary which was to have been given on Wednesday evening the 15th, has been ufacture of fly screens. Howser's None-Such Fly Screens. I am going to turn them out and sell them by the million. When I have provided each of the 55,000,000 home windows with a None-Such I shall begin on Europe. Even the doors and windows of Even the doors and windows of Even the doors and windows of from 264 Wabash avenue to Harrison the native buts in Africa will have street in Topeka.

Miss Edna Walker of Trinidad, Colo.

ship with some one who has a big Arter avenue. shop?" Mrs. L. A. I.

ship with some one who has a big shop?"
"Exactly. We shall employ about 2,000 hands at the start. My partner has made a study of the fly and skeeter for years and years. They can't fool him a little bit. We shall spend \$5,000 in advertising at first goof, and he is willing to have the screen off, and he is willing to have the screen home from Clearwater, Neb., the first same of the week after being quite sick several days, suffering with an injured arm.

Mr. and Mrs. C. W. Lepper arrived here last Saturday from Los Angeles, can't fool him a little bit. We shall can be same after we would be same after the screen of the week after being quite sick several days, suffering with an injured arm.

Mr. and Mrs. C. W. Lepper arrived here for the week after being quite sick several days, suffering with an injured arm.

Mr. and Mrs. C. W. Lepper arrived here for the week after being quite sick several days, suffering with an injured arm.

Mr. and Mrs. C. W. Lepper arrived here for the first good for the first good

"How do you mean?"
"Why, there are manufacturers in plenty who send agents out for ortives and friends. "You are mistaken, madam. A carpenter here and there may make a clarence and Frank Luthey are imdoor or window screen, but that is all. We shall be the pioneers in the bus-attack of the mumps.

She picked up a magazine from the table and showed him a page ad from a manufacturer who had offered to send fly screens to any part of the

"This man is a liar and a swindler!" exclaimed Mr. Bowser, as he leaped to his feet. "He may make some sort of an old screen, but they won't be Bowser's None-Such. That publica-tion ought to be blacklisted for taking "But your screens are just wire

"But they're None-Such, I repeat."
"Well, I can show you half a dozen such ads. Why, every department store has window screens and doors by the thousand. I bought those we have at a department store and I am by the thousand. I bought those we have at a department store and I am sure they have kept all flies and 'skeeters out. I don't believe we had three flies in the house all last summer, and I'm sure we didn't hear the hum of a 'skeeter."

"Wo-woman, can't you understand!"
whooped Mr. Bowser as he flourished arms about.
"Understand what?" "That we are going to make the Bowser None-Such screen. There are none such in market These other screens are simply swindles on a con-

inventor of the manikin, useful in the teaching of anatomy.

The ice cream freezer was patented in 1843 by Mrs. Nancy Johnston, and the original model of it shows that very few changes have been made in it. Miss Madeline Edison assists her father in his laboratory and has invented and marketed an automobile map.

Mary F. Walton has invented two.

"It doesn't seem possible!" sighed Mrs. Sighed Mrs. Seem possible!" sighed Mrs. Seem possible!" sighed Mrs. Seem possible!" sighed Mrs. And out he went, slamming the door behind him and he might have committed suicide but for meeting with a policeman and telling his fly screen what position is flattering offer is months, he return hundred thousand Americans cut have been the biggest jackass in the location of the went, slamming the door behind him and he might have committed suicide but for meeting with a policeman and telling his fly screen story and being answered with:
